

International capital of clean water & comprehensive security on the shores of Saimaa.

VALUES

Fair.

Empathy and equality drive our actions. Everyone can be themselves.

Brave.

We make decisions, try new things and adapt to the changing world.

Constructive.

We operate openly and sustainably, strengthening cooperation.

Secure.

We are building a safe everyday life, anticipating risks and working together to ensure we are prepared.

Wellbeing for local residents and smooth daily life

Daily life is smooth and safe throughout the City of Mikkeli, at every stage of life. Wellbeing is enhanced through partnerships, child- and family-friendly operating models and the opportunities provided by nature, water, physical activity and culture.

Education, competence and employment

Mikkeli offers a coherent, high-quality educational pathway, combining learning support and effective learning environments with close cooperation with the wellbeing services county, educational institutions and businesses. Competence is strengthened in the themes of the circular economy and the green transition, digitalisation, data economy, security, tourism and service sectors.

Vitality, businesses and investments

Mikkeli offers a predictable, business-friendly operating environment, attracts sustainable investments and makes the most of its development platforms. The conditions for leisure and multi-local living are strengthened.

Economy and impact

Mikkeli is enhancing its appeal by safeguarding services and promoting a sustainable economic policy, leading to a gradual reduction in municipal taxes.

Staff – strategy implementers

Mikkeli is a professional service organisation where staff attraction and retention are strengthened through a proactive HR policy, continuous learning, knowledge-based management of workplace wellbeing and work ability, as well as a non-discriminatory and inclusive organisational culture.
